ENVIRONMENTAL POLICY STATEMENT

AL BASRA AL RAEDA COMPANY, is committed to both the protection of the environment and evaluating the impact that the organization's services can have. Compliance with legislation is the minimum standard to which the Company shall adhere. The Company shall also endeavor to follow best practice with due regard for its business needs, in line with the requirements of ISO14001:2015 and the expectations of all interested parties. The objectives for the Company under this policy are to:

1. Reduce the carbon footprint of the business.
2. Reduce energy consumption.
3. Minimize the production of all types of waste, encourage reuse, recycling and the disposal of other waste that cannot be avoided, in a responsible manner.

We are specifically committed to:

- The conservation of natural resources through careful planning and efficient use of water, energy and raw materials;
- The minimization of waste through source reduction, reuse and recycling;
- The handling and disposal of waste through safe and environmentally sustainable methods;
- The prevention of pollution, and the unintended release of substances that could cause harm to air, water or land;
- Conducting regular environmental assessments at our facilities and making recommendations for improvement;
- The annual review of our Environmental Management System to ensure that it is appropriate for the nature, scale and environmental impacts of our activities and products;
- Training and encouraging our employees to conduct their activities in an environmentally responsible and sustainable manner;
- Establishing environmental objectives and targets, conducting an annual review of our performance, and publicly reporting our progress;
- Making this policy publicly available to all employees and interested parties; and
- Requiring our suppliers and business partners to maintain the same high levels of environmental performance.

The Department Managers, HSE Manager, Project Managers are committed to continually improving its performance by regularly reviewing its environmental impacts, and on an annual basis, update this policy in line with the review findings.

Managing Director

Emad Jassim Mohammed
